DETAILED ACTION

Allowable Subject Matter

1. Claims 1-3, 8-11, 16-19 & 24-46 are allowed.
2. The following is an examiner's statement of reasons for allowance:
 - a. Regarding claims 1-3, 8-11, 16-19, 24-28, 32-34 & 38-40, a thorough search of the prior art fails to disclose any reference or references, which, taken alone or in combination, teach or suggest, in combination with the other limitations, interpolation between the successive frames repeatedly sequenced at a rate differing from the base rate. In prior art animation techniques, the frame rate remains constant. One does not, for instance, speed up the film in a projector in order to make Bugs Bunny move faster. The speed of the film (i.e., the frame rate) remains constant.
 - b. Regarding claims 29-31, 35-37 & 41-45, Applicant's arguments concerning the combination are persuasive.
3. Any comments considered necessary by applicant must be submitted no later than the payment of the issue fee and, to avoid processing delays, should preferably accompany the issue fee. Such submissions should be clearly labeled "Comments on Statement of Reasons for Allowance."

Drawings

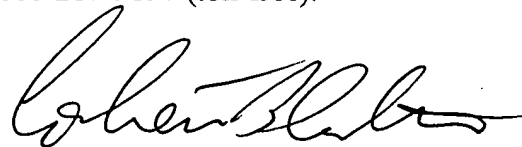

4. The drawings filed on 21 November 2002 are acceptable subject to correction of the informalities indicated on the attached "Notice of Draftsperson's Patent Drawing Review," PTO-948. In order to avoid abandonment of this application, correction is required in reply to the Office action. The correction will not be held in abeyance.
